

VPN Access:

1. Browse to <https://osuvpn.okstate.edu>
2. This will ask you to sign in with your CKEY User and Pass.
3. This will also download the VPN Client to your laptop if you don't have it installed.
4. Once completed you will have a software called. "Cisco AnyConnect Secure Mobility" this is the VPN Client software you will click on every time after you have it installed.

Once you've connected to the VPN you can click the following link to get access to your G Drive.
