Dear Cattleman,

Enclosed you will find a summary report the Fall 2020 Connors State College Bull Test. Once again, the consigners brought an excellent set of bulls to the test that offer performance and functionality across all breeds represented. As you study the report, you will be able to find bulls that have the genetics and performance to add value to your cattle enterprise.

We piloted a replacement heifer program this fall and will have a select set of replacements from some of the consigners for sale. You will find the information about these heifers enclosed as well.

The sale this fall will be held on December 3, 2020 at 1:00 PM at the Connors State College Sale Bull Test Center in Warner, OK. Please join us early for lunch. We are going to do our best to conduct the sale in a safe and responsible manner. We are strongly encouraging everyone to wear a face covering and will try to social distance the best we can. We will broadcast the sale over Facebook Live but will not be able to take bids over the Internet. You can certainly call in a bid by telephone. The sale day numbers are 918.463.6388 and 918.463.6213 or feel free to contact me or Roger and we will be happy to assist you.

You are welcome to stop by anytime to view the bulls. We would appreciate a call or text to either Roger or Me so we can make sure the farm gates are unlocked. Videos of the bulls are available at <http://connorsstate.edu/agri/bull-test/>.

Once again, we believe this is a very deep set of bulls that will improve your bottom line in the first calf crop. Please feel free to contact Roger or me if you have any questions.

Best regards,

Ronald S. Ramming, Ph.D.
