THREE RIVERS PORT CAMPUS: 2501 N 41ST ST E • MUSKOGEE OK 74403 • 918.684.5471

Dear Cattleman,

Below you will find the final 112-Day Performance Report for all the bulls tested this spring. Once again, the consigners brought an excellent set of bulls to the test that offer performance and functionality across all breeds represented. Despite the frigid weather in February, this is one of the highest performing set we've tested here. Ten (13.5%), bulls posted average daily gains of 5.0-lbs or more, 29 (39.2%) gained at least 4.5-lbs per day and 51 of the 74 gained at least 4-lbs per day. The overall ADG was 4.4 lbs per day. As you study the report, you will be able to find bulls that have the genetics and performance to add value to your cattle enterprise.

The sale this spring will be held on April 8, 2021 at 1:00 PM at the Connors State College Sale Bull Test Center in Warner, OK. Please join us early for lunch.

You are welcome to stop by anytime to view the bulls. We would appreciate a call or text to either Roger or Me so we can make sure the farm gates are unlocked. The bulls have been semen checked and we will post the catalog which will include the bulls that qualified for the sale early next week to our website at <http://connorsstate.edu/agri/bull-test/>. The video of these bulls can be found on the same page.

Once again, we believe this is a very deep set of bulls that will improve your bottom line in the first calf crop. Please feel free to contact Roger or me if you have any questions.

Best regards,

Ronald S. Ramming, Ph.D.
President
