coursework each semester until s	successfully completed.						

** Students should be placed at the highest level possible. Diagnostic Placement Testing should only be used if a student does not agree with the placement from the other three options and would like to try to test into a higher level.

***If the student's Reading assessment places them into Academic Literacy, the placement is ENGL 0114 regardless of their English assessment.

SCIENCE ASSESSMENT

COURSE ENROLLMENT ASSESSMENT in this area must be satisfied.

College-level science* | Students must minimally place into English with Lab and Math with Lab to enroll in science courses.

*Some sciences have additional prerequisites that require either course completion or same term co-requisite enrollments. You can find these requirements in the course's description in the CSC Course Catalog.
