Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component units of Connors State College, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Connors State College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the discretely presented component units of Connors State College, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Connors State College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of a Matter

As disclosed in Note 1, the University implemented the provisions of Governmental Accounting Standards Board Statement No. 87 – Leases. The Standard requires lessees to recognize a right-to-use lease asset and corresponding lease liability and lessors to recognize a lease receivable and corresponding deferred inflow of resources for all leases with lease terms greater than twelve months. Our opinion is not modified with respect to this matter.

Other Matters

The 2021 financial statements of Connors State College were audited by other auditors whose report dated October 29, 2021, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Connors State College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Connors State College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Connors State College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

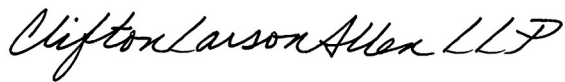

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of the College's Proportionate Share of the Net Pension Liability, Schedule of the College's Pension Contributions, Schedule of the College's OPEB Contributions, and Schedule of Changes in the College's Total OPEB Liability and Related Ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Connors State College's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022, on our consideration of Connors State College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Connors State College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Connors State College's internal control over financial reporting and compliance.

Introduction

The following management's discussion and analysis of the financial performance of Connors State College (the College) provides an overview of the College's financial activities for the fiscal year ended June 30, 2022, with fiscal years 2021 and 2020 data presented for comparative purposes. This analysis is intended to provide a summary of significant financial activities and information and should be read in conjunction with the College's financial statements and footnotes.

Financial Highlights

During 2022, the College implemented GASB Statement No. 87 Leases. This resulted in a restatement of the 2021 financial statements with an increase to non-current assets of \$278,000 and an increase in leases payable of \$278,338, and thus a restatement of net position of \$338.

For the year ended June 30, 2022, the College's net position increased by \$6,757,536 from current year activity when compared to a total net position of \$8,448,365 in 2021.

Total revenues increased to \$31,842,423 in 2022 from \$22,816,850 in 2021. The College experienced an increase in operating revenues in 2022 due to the payoff of student accounts receivables with Federal HEERF funding.

Total expenses increased to \$25,084,887 in 2022 from \$21,300,571 in 2021. The majority of the current year's increase in expenses was in the area of scholarship expenses due to expending Federal HEERF funding.

Using This Annual Report

The annual report consists of three basic financial statements, a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows.

The statement of net position and the statement of revenues, expenses, and changes in net position report information on the College as a whole and its activities. When revenue and other support exceed expenses, the result is an increase in net position. The relationship between revenues and expenses may be thought of as the College's operating results.

These two statements report the College's net position and changes in it. The College's net position—assets and deferred outflows of resources less liabilities and deferred inflows of resources equals net position—is one way to measure the College's financial health or financial position. Over time, increases or decreases in the College's net position are one indicator of whether its financial health is improving or deteriorating. The reader will need to consider many other nonfinancial factors, such as the trend and quality of applicants, freshman class size, student retention, condition of the buildings, and the safety of the campus, to assess the overall health of the institution.

These statements include all assets and deferred outflows of resources and all liabilities and deferred inflows of resources using the accrual basis of accounting. All of the current year's revenues and expenses are taken in to account regardless of when cash is received or paid.

Financial Analysis of the College as a Whole

A comparative schedule of the College's net position for the years ended June 30, 2022, 2021, and 2020, is shown below and includes the percentage of annual change. The amounts are from the accompanying statements of net position and are presented on an accrual basis of accounting whereby capital assets are capitalized and depreciated.

Condensed Statements of Net Position

Deferred Inflows of Resources	5,500,651	2,281,594	3,219,057	141.09%	2,176,540	105,054	4.83%
Net Position							
Net investment in capital assets	14,750,641	13,595,837	1,154,804	8.49%	12,905,071	690,766	5.35%
Restricted	4,825,271	416,198	4,409,073	1059.37%	826,246	(410,048)	-49.63%
Unrestricted	(4,370,011)	(5,563,670)	1,193,659	21.45%	(6,799,231)	1,235,561	18.17%
Total net position	\$ 15,205,901	\$ 8,448,365	\$ 6,757,536	79.99%	\$ 6,932,086	\$ 1,516,279	21.87%

During fiscal year 2022, the College's noncurrent assets increased by approximately \$4.4 million primarily due to increased cash from student accounts receivables payoff and lost revenue reimbursement from HEERF funding.

Total liabilities decreased from \$31,277,560 in fiscal year 2021 to \$25,550,089 in fiscal year 2022. The majority of this was due to the decreased Net pension obligation share of OTRS. Current liabilities increased by \$338,337 from fiscal year 2021 to fiscal year 2022, of which the majority was due to increased current portions of long-term debt.

Net position also increased by \$6.8 million after an increase of \$1.5 million in 2021 and \$1.5 million in 2020. For fiscal year 2022, the net investment in capital assets increased by \$1,154,804 compared to an increase of \$690,766 in 2021. In 2022, unrestricted net position increased by \$1,193,659, while restricted net position increased by \$4,409,073. In 2021, unrestricted net position increased by \$1,235,561, while restricted net position decreased by \$410,048.

State appropriations restricted for capital purposes	900,000	741,542	158,458	21.37%	772,011	(30,469)	-3.95%
OCIA on-behalf payments	122,922	122,922	-	0.00%	162,059	(39,137)	-24.15%
Increase in Net Position	6,757,536	1,516,279	5,241,257	345.67%	1,541,951	(25,672)	-1.66%
Net Position, Beginning of Year	8,448,365	6,932,086	1,516,279	21.87%	5,390,135	1,541,951	28.61%
Net Position, End of Year	\$ 15,205,901	\$ 8,448,365	\$ 6,757,536	79.99%	\$ 6,932,086	\$ 1,516,279	21.87%

During the year ended June 30, 2022, total revenues increased by \$9.0 million, state appropriations increased by \$312,521, net tuition revenues increased by \$898,161, auxiliary revenues increased by \$196,153, grants and contracts increased by \$6,396,299, OTRS on-behalf contributions and OCIA on-behalf payments decreased by \$20,432, and other revenues increased by \$1,242,871. Revenues overall are up primarily due to increased grant revenue from HEERF funding.

During the three-year period, the percentage of revenue furnished by state appropriations was 20% in 2022, 26% in 2021, and 29% in 2020. Net tuition and fees percentage of total revenues was 14% in 2022, 15% in 2021, and 15% in 2020, while auxiliary enterprises and other revenue accounted for 10% in 2022, 9% in 2021, and 8% in 2020.

However, it should be noted that these percentages were affected by the receipt of Federal HEERF funding. The three-year trend without HEERF funding shows revenue furnished by state appropriations to be 30% in 2022, 29% in 2021, and 29% in 2020. Net tuition and fees percentages of total revenues without HEERF funding was 21% in 2022, 17% in 2021, and 15% in 2020, while auxiliary enterprises accounted for 11% in 2022, 10% in 2021, and 8% in 2020.

Following is a graphic illustration of the College's revenues for the years ended June 30, 2022, 2021, and 2020:

The College's total expenses for the year ended June 30, 2022, increased by \$3,784,316, primarily due to an increase in scholarship expenses for HEERF funding. Following is a graphic illustration of the College's expenses for the years ended June 30, 2022, 2021, and 2020:

Analysis of Net Position

Condensed Statements of Cash Flows

During the year ended June 30, 2022, the College's overall cash and cash equivalents increased by \$4,612,472. This change was largely due to overall student accounts receivables payoff along with lost revenue reimbursement from HEERF.

During the year ended June 30, 2021, the College's overall cash and cash equivalents increased by \$1,858,052. This change was largely due to overall increase in tuition and fees including auxiliary accounts along with lost revenue reimbursement from HEERF.

Economic Factors

During fiscal year 2022, the College's enrollment and revenue were further affected by COVID-19 along with declining numbers statewide in college applicants due to economic and demographic factors. Economic factors reflect more students going into workforce due to higher labor rates. Demographic factors indicate lower numbers of college bound high school graduates. New norms are also indicating much higher demand for online classes than before the pandemic and more part time students vs full time students. In the end, the College's FY enrollment decline of 4,786 credit hours was somewhat offset by the additional online fees and \$1.9M in lost revenue reimbursements. Although this pandemic still had some impact, we still had a fairly productive year in the traditional programs, and the College was able to keep expenses down.

As part of the CARES, CRRSA, & ARP COVID-19 funds, the College received \$6,633,517 in Higher Education Emergency Relief Funds (HEERF) institutional grants along with \$1,154,415 HEERF Minority Serving institutional funds in fiscal year 2020 and fiscal year 2021. The institutional portion can and has been used to provide for additional cleaning services and supplies as well as updating remote learning technology. It is also being used to develop additional distance learning labs, zoom rooms, wireless access locations, and upgrades to our older HVAC systems to prevent spread of COVID in the air handling systems. In addition Connors was able to eliminate barriers to re-enrollment by applying \$2,331,985 to the students outstanding balances in FY22.

Connors also received cumulative \$4,996,371 CARES student scholarship funds which were distributed straight to the College's students; this process is complete and funds are liquidated.

Contacting the College's Financial Management

This financial report is designed to provide a general overview of the College's finances and to show the accountability for the monies it receives. If there are any questions about this report or if additional information is needed, contact the Fiscal Services Department at Connors State College, Warner, Oklahoma.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Connors State College (the College) is an associate degree granting institution established by an act of the Oklahoma State Legislature in 1908. The College's mission is to provide higher education primarily for people of eastern Oklahoma and surrounding areas through academic programs, cultural enrichment, lifelong learning experiences, and public service activities.

Reporting Entity

The College is one of five institutions of higher education in Oklahoma that comprise part of the Oklahoma Agricultural and Mechanical Colleges, which is a member of the Oklahoma State System of Higher Education, a component unit of the State of Oklahoma, and is included in the annual comprehensive financial report of the State of Oklahoma as part of the Higher Education component unit.

The Board of Regents for the Oklahoma Agricultural and Mechanical Colleges (the Board of Regents) has constitutional authority to govern, control, and manage the Oklahoma Agricultural and Mechanical Colleges, which consists of Connors State College, Langston University, Northeastern Oklahoma A&M College, Oklahoma Panhandle State University, and Oklahoma State University. This authority includes but is not limited to the power to designate management; significantly influence operations; acquire and take title to real and personal property in its name; and appoint or hire all necessary officers, supervisors, instructors, and employees for member institutions.

Accordingly, the College is considered an organizational unit of the Oklahoma Agricultural and Mechanical Colleges reporting entity for financial reporting purposes due to the significance of its legal, operational, and financial relationships with the Board of Regents, as defined in Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards.

Discretely Presented Component Unit

Connors Development Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of the College. Although the College does not control the timing or amounts of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests is restricted to the activities governed by donors, bond documents, and/or trustees. Accordingly, resources received and held by the Foundation can only be used by, or for the benefit of, the College. The Foundation is considered a discretely presented component unit of the College under the definition of GASB Statement No. 39. The Foundation reports under Financial Accounting Standards Board (FASB) Accounting Standards Codifications (ASC). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information for these differences. The Foundation prepares separate,

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

standalone financial statements, which may be obtained by contacting the Foundation's management.

Financial Statement Presentation

GASB is the recognized standard-setting body for accounting principles generally accepted in the United States of America applicable to public sector institutions of higher education. The College applies all applicable GASB pronouncements.

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and deferred outflows of resources, and liabilities and deferred inflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from government-mandated or voluntary nonexchange transactions (principally federal and state grants and state appropriations) are recognized when all applicable eligibility requirements are met. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. All significant inter-agency transactions have been eliminated.

Cash Equivalents

For purposes of the statements of cash flows, the College considers all liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State Treasurer's Cash Management Program are considered cash equivalents.

Investments

The College accounts for its investments at fair value based on quoted market prices. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the accompanying statements of revenues, expenses, and changes in net position.

Accounts Receivable

Accounts receivable consist of tuition and fees charged to students and fees for auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the state of Oklahoma. Accounts receivable are recorded net of estimated uncollectible amounts. The College determines its allowance by considering a number of factors, including the length of time accounts receivable are past due, the College's previous loss history, and the condition of the general economy and the industry as a whole. The College writes off specific accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

A student account receivable is considered to be past due if any portion of the receivable balance is outstanding for more than 90 days after the end of the semester. Interest and late charges are not generally assessed and, if they are assessed, are not included in income or trade accounts receivable.

Accounts receivable also include amounts due from federal, state, and local governments or private sources in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts.

Restricted Cash and Cash Equivalents

Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or purchase capital or other noncurrent assets are classified as restricted cash and cash equivalents in the accompanying statements of net position.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation in the case of gifts. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 25 to 40 years for buildings, infrastructure, and land improvements and seven years for library materials and equipment. Leases assets are amortized over the life of the associated contract.

Unearned Revenues

Unearned revenues include amounts received or accrued for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period.

Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Leases

The College is a party as lessee for various non-cancellable long-term leases of equipment and vehicles. The corresponding lease payables are recorded in an amount equal to the present value of the expected future minimum lease payments discounted by an applicable interest rate.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes and is earned to the extent the employee is expected to realize the benefit in cash determined using the termination payment method. The liability and expense incurred are recorded at year-end as accrued compensated absences in the accompanying statements of net position and as a component of compensation and benefit expense in the accompanying statements of revenues, expenses, and changes in net position.

Compensated absence liabilities are computed using the regular pay and termination pay rates in effect at the statement of net position date plus an additional amount for compensation-related payments, such as Social Security and Medicare taxes, computed using rates in effect at that date.

Net Position

The College's net position is classified as follows:

- **Net Investment in Capital Assets** – The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.
- **Restricted Net Position – Expendable** – Restricted expendable net position includes resources the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.
- **Unrestricted Net Position** – Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose. The included auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

those estimates. For leases the College uses an estimate based on municipal bond rate yield curves as the discount rate unless the rate that the lessor/vendor charges is known.

Income Taxes

As a state institution of higher education, the College is generally exempt from federal income taxes under Section 115(l) of the Internal Revenue Code (IRC), as amended. However, the College may be subject to income taxes on unrelated business income under IRC Section 511(a)(2)(B).

Classification of Revenues

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

- **Operating Revenues** – Operating revenues include activities that have the characteristics of exchange transactions, such as 1) student tuition and fees, net of scholarship discounts and allowances; 2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; and 3) most federal, state, and local grants and contracts meeting certain criteria.
- **Nonoperating Revenues** – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, student aid revenue, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues and certain other revenues from students are reported net of scholarship discounts and allowances in the accompanying statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Deferred Outflows of Resources

Deferred outflows of resources are the consumption of net position by the College that are applicable to a future reporting period. The College's deferred outflows of resources were comprised of deferred outflows related to pensions and other postemployment benefits (OPEB) and deferred outflow related to ODFA debt refinancing.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Deferred Inflows of Resources

Deferred inflows of resources are the acquisition of net position by the College that are applicable to a future reporting period. The College's deferred inflows of resources were comprised of a deferred gain on an Oklahoma Capital Improvement Authority (OCIA) debt restructure and deferred inflows related to pensions and OPEB.

Defined Benefit Pension Plan

The College participates in a cost-sharing, multiple-employer defined benefit pension plan. The fiduciary net position of the Oklahoma Teachers Retirement System (OTRS) has been determined using the economic resources measurement focus and the accrual basis of accounting.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of OTRS and additions to/deductions from OTRS' fiduciary net position have been determined on the same basis as they are reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Single-Employer Defined Benefit Other Postemployment Benefit Plan

The College has a single-employer defined benefit OPEB plan, the CSC Retiree Health Insurance and Death Benefits Plan (the CSC OPEB Plan). For purposes of measuring the total OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the CSC OPEB Plan and additions to/deductions from the CSC OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the CSC OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Cost-Sharing Defined Benefit Other Postemployment Benefit Plan

The College participates in a cost-sharing, multiple-employer defined benefit OPEB plan, the OTRS Supplemental Health Insurance Plan (the OTRS OPEB Plan). For purposes of measuring the net OPEB liability (asset), deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OTRS OPEB Plan and additions to/deductions from the OTRS OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

New Accounting Pronouncement Adopted in Fiscal Year 2022

The College adopted the following new accounting pronouncement during the year ended June 30, 2022:

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

GASB Statement No. 87, *Leases*

GASB 87 was issued in June 2017; the primary objective is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The College adopted GASB 87 for the June 30, 2022, reporting year and the implementation had an immaterial effect net on the College's financials.

Restatement

The College implemented GASB 87 *Leases* in 2022. Due to this implementation the College restated ending net position for 2021 as noted for the addition of leased capital assets and lease liabilities and the corresponding annual lease payment activity. This resulted in an increase in capital assets of \$278,000 and an increase in current portion of long-term debt of \$72,164 and long-term leases liability of \$206,174 for a total liability of \$278,338 and a corresponding change in FY21 ending net position of a decrease of \$338.

Note 2: Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure the College's deposits may not be returned to it. The College's deposit policy for custodial credit risk is described as follows:

Oklahoma statutes require the State Treasurer to ensure that all state funds be insured by the Federal Deposit Insurance Corporation, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The College's deposits with the State Treasurer are pooled with the funds of other state agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine in the State's name.

The College requires that balances on deposit with financial institutions, including trustees related to the College's bond indenture and debt agreements, be insured by the Federal Deposit Insurance Corporation, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations in the College's name.

The College's carrying amount of the deposits with the State Treasurer and other financial institutions was as follows at June 30:

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

	<u>2022</u>	<u>2021</u>
Deposits with State Treasurer	\$ 10,185,705	\$ 5,573,233
Change funds	<u>4,300</u>	<u>4,300</u>
	<u>\$ 10,190,005</u>	<u>\$ 5,577,533</u>

The differences between the bank balances of deposits and the related carrying amounts were generally not significant and are due to outstanding checks and deposits in-transit.

Of the \$10,190,005 and \$5,573,233 in cash and cash equivalents on deposit with the State Treasurer as of June 30, 2022 and 2021, respectively, \$1,279,836 and \$1,160,945, respectively, represent amounts held within OK INVEST, an internal investment pool. Agencies and funds that are considered to be part of the State's reporting entity in the State's annual comprehensive financial report are allowed to participate in OK INVEST. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in OK INVEST. Safety, liquidity, and return on investment are the objectives that establish the framework for the day-to-day OK INVEST management with an emphasis on safety of the capital and the probable income to be derived and meeting the State's daily cash flow requirements. Guidelines in the State Treasurer's Investment Policy address credit quality requirements, diversification percentages, and the types and maturities of allowable investments. The specifics regarding these policies can be found on the State Treasurer's website at <http://www.ok.gov/treasurer/>. The College considers its amounts on deposit with OK INVEST to be demand accounts and they are reported as cash equivalents.

Note 3: Accounts Receivable

Accounts receivable consisted of the following at June 30:

	<u>2022</u>	<u>2021</u>
Student tuition and fees	\$ 869,697	\$ 1,691,694
Auxiliary enterprises and other student activities	198,326	452,559
Less allowance for doubtful accounts	<u>(581,028)</u>	<u>(1,477,231)</u>
	<u>\$ 486,995</u>	<u>\$ 667,022</u>

Note Payable Obligations

ODFA Higher Education Program – Series 2014C – Student Union

In April 2014, the College entered into a note payable obligation (Series 2014C – Student Union) in the amount of \$5,421,000. Payments over the term of the agreement, including interest, total \$7,749,763. Payments began May 15, 2014, and go through May 15, 2034, and are made monthly ranging from \$29,525 to \$32,484. Proceeds from the obligation were used to renovate the College's Student Union.

As of June 30, 2022, future aggregate maturities of principal and interest requirements on the note payable are as follows:

	Principal	Interest	Total
2023	252,167	136,022	388,189
2024	265,750	123,857	389,607
2025	274,667	112,648	387,315
2026	282,833	104,035	386,868
2027	292,750	94,843	387,593
2028-2032	1,619,917	315,866	1,935,783
2033-2034	703,000	39,184	742,184
	<u>\$ 3,691,084</u>	<u>\$ 926,455</u>	<u>\$ 4,617,539</u>

ODFA Higher Education Program – Series 2014C – Nursing Allied Health

In April 2014, the College entered into a note payable obligation (Series 2014C – Nursing Allied Health) in the amount of \$7,885,000. Payments over the term of the agreement, including interest, total \$11,273,480. Payments began May 15, 2014, and go through May 15, 2034, and are made monthly ranging from \$42,957 to \$47,100. Proceeds from the obligation were used to build the College's Nursing Allied Health building on the Muskogee campus.

As of June 30, 2022, future aggregate maturities of principal and interest requirements on the note payable are as follows:

	Principal	Interest	Total
2023	365,417	197,750	563,167
2024	382,500	180,137	562,637
2025	400,000	164,037	564,037
2026	412,167	151,494	563,661
2027	426,083	138,099	564,182
2028-2032	2,359,167	459,936	2,819,103
2033-2034	1,023,333	57,041	1,080,374
	<u>\$ 5,368,667</u>	<u>\$ 1,348,494</u>	<u>\$ 6,717,161</u>

Notes to Financial Statements

June 30, 2022 and 2021

ODFA Higher Education Program – Series 2014C–D

In December 2014, the College entered into a note payable obligation (Series 2014C–D) in the amount of \$753,000. Payments over the term of the agreement, including interest, total \$913,607. Payments began January 15, 2015, and go through November 15, 2023, and are made monthly ranging from \$8,440 to \$9,183. Proceeds from the obligation were used to refinance and payoff the ODFA Series 2004B. This refinancing resulted in an aggregate difference in principal and interest between the original agreement and the refinanced agreement of \$73,076, which approximates the economic savings of the transaction.

As of June 30, 2022, future aggregate maturities of principal and interest requirements on the note payable are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	96,333	5,487	101,820
2024	40,834	1,633	42,467
	<u>\$ 137,167</u>	<u>\$ 7,120</u>	<u>\$ 144,287</u>

ODFA Higher Education Program – Series 2020D

In October 2020, the College entered into a note payable obligation (Series 2020D) in the amount of \$5,471,000. Payments over the term of the agreement, including interest, total approximately \$6,086,772. Payments began November 15, 2020, and go through May 15, 2032, and are made monthly ranging from \$42,237 to \$51,139. Proceeds from the obligation were used to refinance the ODFA Series 2011E that was used to purchase the Miller's Crossing building.

As of June 30, 2022, future aggregate maturities of principal and interest requirements on the note payable are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 448,500	\$ 75,842	\$ 524,342
2024	454,333	71,839	526,172
2025	458,250	67,113	525,363
2026	461,417	61,728	523,145
2027	466,833	54,995	521,828
2028-2032	2,403,334	147,099	2,550,433
	<u>\$ 4,692,667</u>	<u>\$ 478,616</u>	<u>\$ 5,171,283</u>

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

OCIA Obligation

In 2005, the OCIA issued its State Facilities Revenue Bonds (Higher Education Project) Series 2005F. Of the total bond indebtedness, the State Regents allocated \$7,025,000 to the College. Total payments over the term of the agreement, including principal and interest, beginning July 1, 2006 through July 1, 2030, will be \$14,373,397. Payments will be made annually ranging from \$192,596 to \$1,676,268. Concurrent with the allocation, the College entered into an agreement with OCIA for the projects being funded by the OCIA bonds. The proceeds of the bonds and subsequent payable are to provide for capital improvements at the College.

During 2014, the College's remaining 2005 agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued new bonds, Series 2014A, to accomplish the refunding. The restructured agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The College's aforementioned agreement with OCIA was automatically restructured to secure the new bond issues. The restructuring resulted in a reduction of principal; thus, the College has recorded a credit of \$154,039 on restructuring as a deferred inflow of resources that will be amortized over a period of 18 years. As of June 30, 2022 and 2021, the unamortized gain totaled \$76,231 and \$85,662, respectively.

Principal and interest payments to OCIA, totaling \$122,922 and \$122,922 during the years ended June 30, 2022 and 2021, respectively, were made by the State on behalf of the College. These payments have been recorded as OCIA on-behalf payments in the accompanying statements of revenues, expenses, and changes in net position.

At June 30, 2022, future aggregate maturities of principal and interest requirements on the OCIA payable are as follows:

	Principal	Interest	Total
2023	240,582	122,922	\$ 363,504
2024	252,811	111,331	364,142

2028–2031	1,274,326	158,919	1,433,245
	<u>\$ 2,580,870</u>	<u>\$ 655,014</u>	<u>\$ 3,235,884</u>

Tractor Note Payable

In December 2020, the College entered into a note payable obligation in the amount of \$40,117 for the purchase of a new tractor which serves as collateral. Payments over the term of the agreement, including interest, total approximately \$41,922. Payments began February 28, 2021, and go through January 31, 2024, and are made monthly in the amount of \$1,164.51. In the event of

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

default the College will be required to pay the amount applicable to the remaining value of the tractor during the remainder of the term when and if the financial exigency conditions are lifted.

At June 30, 2022, future aggregate maturities of principal and interest requirements on the tractor note payable are as follows:

	Principal	Direct Borrowing Interest	Total
2023	13,527	447	13,974
2024	8,074	78	8,152
	<u>\$ 21,601</u>	<u>\$ 525</u>	<u>\$ 22,126</u>

Leases Payable

The College as a lessee, has entered into lease agreements involving various equipment and vehicles summarized below.

Leases of equipment, such as copiers, vehicles, etc.: Annual installments totaling \$96,895 with interest rates ranging from 0.40% to 4.00%, and due dates ranging from July 2024 to June 2026.

\$ 259,209

	Principal	Interest	Total
2023	93,702	3,192	\$ 96,894
2024	94,879	2,015	96,894
2025	61,796	849	62,645
2026	8,831	136	8,967
	<u>\$ 259,208</u>	<u>\$ 6,192</u>	<u>\$ 265,400</u>

Note 6: Retirement Plans

The College's academic and nonacademic personnel are covered by various retirement plans. The plans available to college personnel include the OTRS, which is a State of Oklahoma public employee retirement system, and the Supplemental Retirement Plan, which is a single-employer public employee retirement system. The College does not maintain the accounting records of, hold the investments for, or administer these plans.

Connors State College

Oklahoma Teachers Retirement System

Plan Description – The College, as the employer, participates in the Oklahoma Teachers Retirement Plan—a cost-sharing, multiple-employer defined benefit pension plan administered by OTRS. Title 70 O.S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/TRS.

Benefits Provided – OTRS provides retirement, disability, and death benefits to members of the plan. Benefit provisions include:

- Members who join OTRS after July 1, 1991, become fully vested in retirement benefits earned to date after five years of credited service. Members who join OTRS on or after November 1, 2017, become fully vested after seven years of credited service. Any member who has attained age 55 or who has completed 30 years of creditable service, or for any person who initially became a member prior to July 1, 1992, whose age and number of years of creditable service total 80 may be retired upon proper application for retirement on forms established by OTRS and executing a retirement contract. Any person who became a member after June 30, 1992, but prior to November 1, 2011, whose age and number of years of creditable service total 90 may be retired upon proper application for retirement and executing a retirement contract. Any person who becomes a member on or after November 1, 2011, who attains the age of 65 years or who reaches a normal retirement date having attained a minimum age of 60 years may be retired upon proper application for retirement and executing a retirement contract.
- Final compensation for members who joined OTRS prior to July 1, 1992, is defined as the average salary for the three highest years of compensation. Final compensation for members joining OTRS after June 30, 1992, is defined as the average of the highest five consecutive years of annual compensation in which contributions have been made. The

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

final average compensation is limited for service credit accumulated prior to July 1, 1995, to \$40,000 or \$25,000, depending on the member's election. Monthly benefits are 1/12 of this amount. Service credits accumulated after June 30, 1995, are calculated based on each member's final average compensation except for certain employees of the two comprehensive universities. Upon the death of a member who has not yet retired, the designated beneficiary shall receive the member's total contributions plus 100% of interest earned through the end of the fiscal year, with interest rates varying based on time of service. A surviving spouse of a qualified member may elect to receive, in lieu of the aforementioned benefits, the retirement benefit the member was entitled to at the time of death as provided under the Joint Survivor Benefit Option.

- Upon the death of a retired member, OTRS will pay \$5,000 to the designated beneficiary, in addition to the benefits provided for the retirement option selected by the member.
- A member is eligible for disability benefits after 10 years of credited Oklahoma service. The disability benefit is equal to 2% of final average compensation for the applicable years of credited service.
- Upon separation from OTRS, members' contributions are refundable with interest based on certain restrictions provided in the plan or by the IRC.
- Members may elect to make additional contributions to a tax-sheltered annuity program up to the exclusion allowance provided under IRC Section 403(b).

Contributions – The contribution requirements of the plan are at an established rate determined by Oklahoma Statute, as amended by the State Legislature, and are not based on actuarial calculations. Employees are required to contribute 7.0% of their annual pay. Participating employers are required to contribute 9.5% of the employees' annual pay and an additional 7.7% for any employees' salaries covered by federal funds for 2022 and 2021. Contributions to the pension plan from the College were \$616,110 and \$618,912 for the years ended June 30, 2022 and 2021, respectively. The State also made on-behalf contributions to OTRS totaling \$372,222 and \$392,654 during 2022 and 2021, respectively. These amounts are reported as nonoperating revenues in the accompanying financial statements. These on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions – At June 30, 2022 and 2021, the College reported a liability of \$6,867,060 and \$11,270,864, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 and 2020. The College's proportion of the net pension liability was based on the College's contributions received by the pension plan relative to the total contributions received by the pension plan for all participating employers as of June 30, 2021 and 2020. Based upon this information, the College's proportion was 0.1344% and 0.1188% for June 30, 2022 and 2021, respectively.

For the years ended June 30, 2021 and 2021, the College recognized pension expense of \$128,842 and \$1,941,383, respectively.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

At June 30, the College reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
2022		
Difference between expected and actual experience	\$ 452,794	\$ 255,363
Change of assumptions	1,068,237	68,387
Net difference between projected and actual earnings on pension plan investments	-	3,566,668
Changes in proportion and differences between the College's contributions and proportionate share of contributions	957,722	1,044,452
College contributions at the measurement date	-	53,461
College contributions subsequent to the measurement date	<u>616,110</u>	<u>-</u>
Total	<u><u>\$ 3,094,863</u></u>	<u><u>\$ 4,988,331</u></u>
2021		
Difference between expected and actual experience	\$ 548,687	\$ 190,893
Change of assumptions	1,382,230	162,836
Net difference between projected and actual earnings on pension plan investments	971,553	-
Changes in proportion and differences between the College's contributions and proportionate share of contributions	70,847	1,556,902
College contributions at the measurement date	-	30,752
College contributions subsequent to the measurement date	<u>618,912</u>	<u>-</u>
Total	<u><u>\$ 3,592,229</u></u>	<u><u>\$ 1,941,383</u></u>

The \$616,110 and \$618,912 reported as deferred outflows of resources related to pensions resulting from college contributions subsequent to the measurement date for June 30, 2022 and 2021, respectively, will be recognized as a reduction of the net pension liability in the years ended June 30, 2023 and 2022, respectively.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense for the years ending June 30 as follows:

2023	\$ (701,310)
2024	(434,946)
2025	(495,160)
2026	(924,243)
2027	<u>46,081</u>
	<u>\$ (2,509,578)</u>

Actuarial Assumptions – The total pension liability as of June 30, 2021 and 2020, was determined based on an actuarial valuation prepared as of June 30, 2021 and 2020, respectively, using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age
- Inflation – 2.25%
- Future Ad Hoc Cost-of-Living Increases – None
- Salary Increases – Composed of 2.25% for inflation, including 0.75% for 2021 & 2.50% for 2020 price inflation, plus step-rate promotional increases for members with less than 25 years of service
- Investment Rate of Return – 7.00%
- Retirement Age - — Experience-based table of rates based on age, service, and gender. Adopted by the Board in July 2020 in conjunction with the five year experience study for the period ending June 30, 2019
- Mortality Rates after Retirement – Males and females: 2020 GRS Southwest Region Teacher Mortality Table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020
- Mortality Rates for Active Members – Pub-2010 Teachers Active Employee Mortality table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2010

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Best estimates of arithmetic real rates of return for each major asset class included in the plan's target asset allocation as of June 30, 2022 and 2021, are summarized below:

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	43.5%	4.3%
International Equity	19.0%	5.2%
Fixed Income	22.0%	0.4%
Real Estate**	9.0%	4.3%
Alternative Assets	6.5%	6.5%
Total	100.00%	

** The Real Estate total expected return is a combination of US Direct Real Estate (unleveraged) and US Value added Real Estate (unleveraged)

Discount Rate – A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2022 and 2021, respectively. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.00%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percentage of projected member payroll based on the past five years of actual contributions.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the College's proportionate share of the net pension liability calculated using the respective discount rate for 2022 and 2021, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
2022			
College's proportionate share of the net pension liability	\$ 11,224,322	\$ 6,867,060	\$ 3,259,839

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
2021			
College's proportionate share of the net pension liability	\$ 15,042,775	\$ 11,270,864	\$ 8,148,308

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of OTRS, which can be located at www.ok.gov/TRS.

Supplemental Retirement Plan

Plan Description – The Supplemental Retirement Plan (the Plan) is a single-employer defined benefit pension plan administered by the College. It guarantees eligible employees a level of retirement benefits. If Social Security and OTRS payments do not equal one-half of the employee's highest three years' earnings, the College pays the balance from the current year's operating budget. The authority to establish and amend benefit provisions rests with the Board of Regents. The Plan does not issue a separate financial report nor is it included in the financial report of another entity.

Funding Policy – The Plan is not funded and benefits do not vest to the participants until their retirement. The College has been funding the benefits on a "pay as you go" basis. Only certain employees are eligible to participate in the Plan, and the Plan has been discontinued. During the years ended June 30, 2022 and 2021, the College made benefit payments of \$12,074 and \$11,838, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions – At June 30, 2022 and 2021, the College reported a liability of \$103,399 and \$143,143, respectively, for its net pension liability. The net pension liability was measured as of June 30, 2022 and 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 and 2021, respectively.

For the years ended June 30, 2022 and 2021, the College recognized pension expense (benefit) of (\$27,670) and \$22,274, respectively.

Schedule of Changes in Total Pension Liability – The College's changes in total pension liability are as follows as of June 30:

Connors State College
Notes to Financial Statements
June 30, 2022 and 2021

	2022	2021
Beginning total pension liability	\$ 143,143	\$ 132,707
Interest	3,003	3,373
Change of assumptions	(11,547)	16,033
Difference between actual and expected experience	(19,126)	2,868
Benefit payments	(12,074)	(11,838)
Ending total pension liability	<u>\$ 103,399</u>	<u>\$ 143,143</u>

Actuarial Assumptions – The total pension liability as of June 30, 2022 and 2021, was determined based on an actuarial valuation prepared as of June 30, 2022 and 2021, respectively, using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age
- Amortization Method – Three-year closed period
- Discount Rate – 4.09% and 2.19% for 2022 and 2021, respectively (based on Bond Buyers General Municipal Bond Index)
- Mortality Rates After Retirement – RP-2014 with fully generational improvements from 2006 based on assumptions from Scale MP 2021 and 2020 for 2022 and 2021, respectively

Sensitivity of the Total Pension Liability to Change in the Discount Rate – The following presents the total pension liability of the College calculated using the discount rate each year, as well as what the College’s total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (3.09%)	Current Discount Rate (4.09%)	1% Increase (5.09%)
2022			
Total pension liability	\$ 109,633	\$ 103,399	\$ 97,764
	1% Decrease (1.19%)	Current Discount Rate (2.19%)	1% Increase (3.19%)
2021			
Total pension liability	\$ 153,425	\$ 143,143	\$ 133,946

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Note 7: Other Postemployment Benefits

Currently, the College provides postemployment benefits to retirees under two OPEB plans:

1. OTRS Supplemental Health Insurance Program – a cost-sharing, multiple-employer defined benefit OPEB plan administered by OTRS
2. CSC Retiree Health Insurance and Death Benefits Plan – a single-employer defined benefit health insurance and death benefit plan

Summary of Net OPEB Obligation

	Net OPEB Obligation (Asset)	Deferred Outflows	Deferred Inflows	OPEB Expense (Benefit)
2022				
CSC OPEB Plan	\$ 515,924	\$ 130,074	\$ 307,384	\$ (8,723)
OTRS OPEB Plan	(171,206)	39,028	128,705	(25,147)
Total	<u>\$ 344,718</u>	<u>\$ 169,102</u>	<u>\$ 436,089</u>	<u>\$ (33,870)</u>
2021				
CSC OPEB Plan	\$ 660,887	\$ 161,315	\$ 228,569	\$ 19,459
OTRS OPEB Plan	(11,761)	62,985	25,980	2,558
Total	<u>\$ 649,126</u>	<u>\$ 224,300</u>	<u>\$ 254,549</u>	<u>\$ 22,017</u>

OTRS OPEB Plan

Plan Description – The College, as the employer, participates in the OTRS Supplemental Health Insurance Program—a cost-sharing, multiple-employer defined benefit OPEB plan administered by OTRS. Title 74 O.S. Section 1316.3 defines the health insurance benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/TRS.

Benefits Provided – OTRS pays a medical insurance supplement to eligible members who elect to continue their employer-provided health insurance. The supplement payment is between \$100 and \$105 per month, remitted to Oklahoma State University Human Resources, provided the member has 10 years of Oklahoma service prior to retirement.

Contributions – Employer and employee contributions are made based upon the OTRS OPEB Plan provisions contained in Title 70, as amended. However, the statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. Based on the contribution requirements of Title 70, employers and employees contribute a single amount based on a single contribution rate, as described in *Note 6*; from this amount, OTRS allocates a portion of the contributions to the OTRS OPEB Plan. The cost of the OTRS OPEB Plan averages 0.12% and 0.15% of normal cost, as determined by an actuarial valuation as of June 30, 2021 and 2020,

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

respectively. Contributions allocated to the OTRS OPEB Plan from the College were \$7,616 and \$1,166 for 2022 and 2021, respectively.

OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEB – At June 30, 2022 and 2021, the College reported an asset of \$171,206 and \$11,761, respectively, for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2021 and 2020, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2021 and 2020. The College's proportion of the net OPEB asset was based on the College's contributions received by the OTRS OPEB Plan relative to the total contributions received by the OTRS OPEB Plan for all participating employers as of June 30, 2021 and 2020. Based upon this information, the College's proportion was 0.1344% and 0.1188% for June 30, 2022 and 2021, respectively.

For the years ended June 30, 2022 and 2021, the College recognized OPEB expense (benefit) of (\$25,147) and \$2,558, respectively.

At June 30, the College reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
2022		
Difference between expected and actual experience	\$ -	\$ 26,803
Change of assumptions	23,271	-
Net difference between projected and actual earnings on pension plan investments	-	91,823
Changes in proportion and differences between the College's contributions and proportionate share of contributions	4,605	4,110
College contributions at the measurement date	3,536	5,969
College contributions subsequent to the measurement date	<u>7,616</u>	<u>-</u>
Total	<u>\$ 39,028</u>	<u>\$ 128,705</u>
2021		
Difference between expected and actual experience	\$ -	\$ 25,837
Change of assumptions	25,446	-
Net difference between projected and actual earnings on pension plan investments	25,686	-
Changes in proportion and differences between the College's contributions and proportionate share of contributions	5,809	-
College contributions at the measurement date	4,878	143
College contributions subsequent to the measurement date	<u>1,166</u>	<u>-</u>
Total	<u>\$ 62,985</u>	<u>\$ 25,980</u>

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

The \$7,616 and \$1,166 reported as deferred outflows of resources related to OPEB resulting from college contributions subsequent to the measurement date for June 30, 2022 and 2021, will be recognized as a reduction of the net OPEB asset in the years ended June 30, 2023 and 2022, respectively.

Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense for the years ending June 30 as follows:

2023	\$ (24,773)
2024	(20,119)
2025	(21,385)
2026	(28,384)
2027	(2,021)
Thereafter	<u>(97,293)</u>
	<u>\$ (193,975)</u>

Actuarial Assumptions – The total OPEB liability (asset) as of June 30, 2021 and 2020, was determined based on an actuarial valuation prepared as of June 30, 2021 and 2020, respectively, using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age
- Inflation – 2.25%
- Future Ad Hoc Cost-of-Living Increases – None
- Salary Increases – Composed of 2.25% for inflation, including 0.75% for 2021 & 2.50% for 2020 price inflation, plus step-rate promotional increases for members with less than 25 years of service
- Investment Rate of Return – 7.00%
- Retirement Age - — Experience-based table of rates based on age, service, and gender. Adopted by the Board in July 2020 in conjunction with the five year experience study for the period ending June 30, 2019
- Mortality Rates after Retirement – Males and females: 2020 GRS Southwest Region Teacher Mortality Table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020
- Mortality Rates for Active Members – Pub-2010 Teachers Active Employee Mortality table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2010

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Best estimates of arithmetic real rates of return for each major asset class included in the plan's target asset allocation as of June 30, 2021 and 2020, are summarized below:

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	43.5%	4.3%
International Equity	19.0%	5.2%
Fixed Income	22.0%	0.4%
Real Estate**	9.0%	4.3%
Alternative Assets	6.5%	6.5%
Total	100.00%	

** The Real Estate total expected return is a combination of US Direct Real Estate (unleveraged) and US Value added Real Estate (unleveraged)

Discount Rate – A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2022 and 2021, respectively. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.00%. Based on the stated assumptions and the projection of cash flows, the OTRS OPEB Plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on the OTRS OPEB Plan's investments was applied to all periods of projected benefit payments to determine the total OPEB liability (asset). The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percentage of projected member payroll based on the past five years of actual contributions.

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate – The following presents the College's proportionate share of the net OPEB liability (asset) of the employer calculated using the respective discount rate for 2022 and 2021, as well as what the College's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
2022			
College's proportionate share of the net OPEB asset	\$ (109,991)	\$ (171,206)	\$ (223,075)

Pension Plan Fiduciary Net Position – Detailed information about the OTRS OPEB Plan's fiduciary net position is available in the separately issued financial report of OTRS, which can be located at www.ok.gov/TRS.

CSC OPEB Plan

Plan Description – The CSC OPEB Plan provides OPEB to eligible retirees and their dependents. The Board of Regents has the authority to establish and amend benefit provisions. No assets that meet the criteria in GASB 75, Paragraph 4, are accumulated in a trust.

Benefits Provided – The College provides medical and death benefits to eligible retirees and their dependents through the Oklahoma State University A&M System. This plan allows employees who retire from the College to continue to be covered under the College's health insurance plan until age 65. The retired participant must pay the active participant's premium. The medical rates for pre-65 retirees are the same as the rates for active employees so the benefit being provided is an implicit rate subsidy. Retirees and dependents age 65 or older are provided a Medicare supplement that is not subsidized by the College. The College also pays life insurance premiums for individuals who meet the specified criteria to be considered a retiree as of the last day of continuous regular employment. Eligible retirees must meet the OTRS guidelines. In addition, the individual must also have been enrolled in the College's life insurance program prior to retirement. Each retiree is eligible to receive \$6,000 of life insurance coverage.

Employees Covered by Benefit Terms – At June 30, the following employees were covered by the benefit terms:

	2022	2021
Active employees (participants)	112	112
Retired participants (health benefits)	-	2
Retired participants (death benefits)	105	101

Total OPEB Liability – The College's total OPEB liability of \$515,924 and \$660,887 at June 30, 2022 and 2021, respectively, was measured as of June 30, 2022 and 2021, and was determined by an actuarial valuation as of those dates.

Actuarial Assumptions – The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2022 and 2021, using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age Normal
- Discount Rate – 4.09% and 2.19% for 2022 and 2021, respectively, based on published Bond Buyer Go-20 bond index

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

- Health Care Cost Trend Rates – 7.5% for 2022 and 8.0% for 2021, decreasing 0.50% annually to an ultimate rate of 4.50%
- RP-2014 with fully generational improvements from 2006 based on assumptions from Scale MP 2021 and 2020 for 2022 and 2021, respectively

Changes in Total OPEB Liability – The following table reports the components of changes in total OPEB liability as of June 30:

	2022	2021
Beginning total OPEB liability	\$ 660,887	\$ 616,378
Service cost	13,465	10,542
Interest	14,483	16,242
Change of assumptions	(139,728)	59,193
Difference between actual and expected experience	(6,999)	(8,644)
Benefit payments	(26,184)	(32,824)
Ending total OPEB liability	<u>\$ 515,924</u>	<u>\$ 660,887</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability (asset) of the employer calculated using the respective discount rate, as well as what the plan's total OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (3.09%)	Current Discount Rate (4.09%)	1% Increase (5.09%)
2022			
Total OPEB liability	\$ 583,006	\$ 515,924	\$ 460,210
	1% Decrease (1.19%)	Current Discount Rate (2.19%)	1% Increase (3.19%)
2021			
Total OPEB liability	\$ 760,862	\$ 660,887	\$ 579,498

Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rate – The following presents the total OPEB liability (asset) of the employer calculated using the health care cost trend rate of 7.5% for 2022 and 8.0% for 2021, decreasing by 0.50% annually to 4.50%, as well as what the plan's total OPEB liability (asset) would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Connors State College

Change of assumptions	117,239	22,362
Total	<u>\$ 161,315</u>	<u>\$ 228,569</u>

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense for the years ending June 30 as follows:

2023	\$ (37,238)
2024	(35,731)
2025	(35,729)
2026	(45,172)
2027	(23,440)
Thereafter	<u>-</u>
	<u>\$ (177,310)</u>

Note 8: Related-Party Transactions

The Foundation is a tax-exempt organization whose objective is the betterment of the College and its related activities. The College is the ultimate beneficiary of the Foundation. The College has entered into a written agreement with the Foundation whereby the College agrees to provide certain administrative services to the Foundation in exchange for scholarships, endowments, grants, bequests, and payment of services for the benefit of the College. During the years ended June 30, 2022 and 2021, the Foundation awarded scholarships to students totaling approximately \$22,000 and \$39,000, respectively.

The Foundation also services the funds of the various campus clubs and organizations. All receipts and disbursements of these funds are handled through the Foundation office. Payments for goods and services for the benefit of the College provided by the clubs and organizations for the years ended June 30, 2022 and 2021, were approximately \$485,000 and \$538,000, respectively.

Note 9: Commitments and Contingencies

During the ordinary course of business, the College may be subjected to various lawsuits and civil action claims. At June 30, 2022 and 2021, there were no pending lawsuits or claims against the College that management believes would result in a material loss to the College in the event of an adverse outcome.

The College participates in a number of other federally assisted grant and contract programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The amount for expenditures that may be disallowed by the granting agencies cannot be determined at this time, although it is believed by the College that the amount, if any, would not be significant.

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

Note 10: Risk Management

The College is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; employee injuries and illnesses; natural disasters; employee health, life, and accident benefits; and unemployment. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property, workers' compensation, and unemployment. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

The College, along with other state agencies and political subdivisions, participates in the State of Oklahoma Risk Management Program and the State Insurance Fund, public entity risk pools currently operating as a common risk management and insurance program for its members. The College pays an annual premium to the pools for its torts, property, and workers' compensation insurance coverages. The Oklahoma Risk Management Pool's governing agreement specifies that the pools will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

During FY21 the President's House became impaired when it burned down. Due to this unfortunate event the College received insurance recoveries from the Oklahoma Risk Management Program to help cover the cost of replacement of the house; however the proceeds were not approved by the State of Oklahoma and received by the College until FY22.

Note 11: Connors Development Foundation, Inc.

The following are significant disclosures of the Foundation:

Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Foundation considers all liquid investments with an original maturity of three months or less to be cash equivalents. None of the Foundation's investments are considered to be cash equivalents.

Investments

The Foundation uses the market approach to value marketable securities with readily determinable fair values based on quoted prices in active markets.

Restricted endowment investment income and losses are recorded as with donor restrictions unless the terms of the gift require that they be added to the principal of a permanent or term endowment fund. If the funds are classified as with donor restrictions, any expenditure is subject to the donor-restricted use of the funds as indicated in the gift instrument.

Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

The Foundation's investments consist of marketable certificates of deposit, equity securities, and mutual funds, all with quoted market prices in an active market; therefore, all are classified as Level 1 investments.

Endowment Funds

Endowment funds with donor restrictions are subject to the restriction of gift instruments requiring that the principal be invested in perpetuity and only the earnings, or portions thereof, be utilized. Term endowment funds are similar to such funds except that, upon the passage of a stated period of time or the occurrence of a particular event, all or a part of the principal may be expended.

The Foundation's endowment consists of approximately 30 individual funds established primarily for scholarship and academic program support. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation has adopted investment and spending policies for endowment assets that attempt to protect and/or preserve the Foundation's assets while maintaining a satisfactory return. To satisfy the Foundation's risk and return objectives, the majority of the Foundation's funds are invested in certificates of deposit and U.S. Treasury notes; hence, the Foundation's investment return is achieved through current yields (interest and dividends) and capital preservation.

Net Assets

The *Uniform Prudent Management of Institutional Funds Act of 2006* (UPMIFA) was enacted by the State effective November 1, 2007. The Board of Trustees (the Trustees) of the Foundation has interpreted UPMIFA to require the Foundation to exercise prudence in determining whether to spend from or accumulate to donor-restricted endowment funds with a view toward the permanent nature and long-term continuing viability of such funds.

The Foundation has interpreted UPMIFA, as passed by the State, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the Foundation classifies the following as net assets with donor restrictions:

- Original value of gifts donated to the permanent endowment

Connors State College

Notes to Financial Statements

June 30, 2022 and 2021

- Original value of subsequent gifts to the permanent endowment
- Accumulations to the permanent endowment made with explicit direction from donor gift instrument

The remaining portion of the donor-restricted endowment funds that is not classified in nonexpendable net position is classified as expendable net position until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

Net assets with donor restrictions consist of the following for the years ended June 30:

	<u>2022</u>	<u>2021</u>
Scholarships to students – held in perpetuity	\$ 2,017,911	\$ 1,111,207
Academic programs – held in perpetuity	230,367	801,406
Scholarships to students	83,409	281,059
Other support to the College	836,129	835,494
Other support to the College	<u>(57,077)</u>	<u>-</u>
	<u>\$ 3,110,739</u>	<u>\$ 3,029,166</u>

Endowment activity for the years ended June 30 is summarized as follows:

	<u>2022</u>	<u>2021</u>
Beginning balance	\$ 2,416,065	\$ 1,376,198
Investment return		
Interest and dividends	(260)	35,216
Net increase (decrease) in fair value	<u>(280,450)</u>	<u>266,842</u>
Total investment return	<u>(280,710)</u>	<u>302,058</u>
New contributions	<u>268,059</u>	<u>824,903</u>
Appropriations of endowment assets for expenditures	<u>(12,168)</u>	<u>(87,094)</u>
Ending balance	<u>\$ 2,391,246</u>	<u>\$ 2,416,065</u>

In 2020, the board established a board-designated quasi-endowment fund totaling \$500,000 for direct match for new scholarship endowments. While quasi-endowment funds have been established by the governing board for the same purposes as permanent endowment funds, any portion of the quasi-endowment funds may be expended at the discretion of the governing board and, therefore, is without donor restrictions.

Connors State College
Notes to Financial Statements
June 30, 2022 and 2021

Note 12: Current Economic Conditions

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, economic uncertainties have arisen that may negatively affect the financial position, results of operations, and cash flows of the College. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Connors State College
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2022

Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes all federal award activity of the College under programs of the federal government for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net position or cash flows of the College.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The College has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Note 3: Federal Direct Student Loans Program

The College participates in the Federal Direct Student Loans Program (the Program), CFDA number 84.268, which includes Federal Subsidized Direct Loans, Federal Unsubsidized Direct Loans, Federal Graduate Student PLUS Direct Loans and Federal Direct Parent Loans for Undergraduate Students. The Program requires the College to draw down cash, and the College is required to perform certain administrative functions under the Program. Failure to perform such functions may require the College to reimburse the loan guarantee agencies. The College is not responsible for the collection of these loans. The value of loans made during the audit period are considered federal awards expended for the audit period.

Note 4: Subrecipients

During the year ended June 30, 2022, the College did not provide any federal awards to subrecipients.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Oklahoma Agricultural and Mechanical Colleges Board of Regents
Connors State College
Oklahoma City, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of business-type activity of Connors State College, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Connors State College's basic financial statements, and have issued our report thereon dated. Our report includes a reference to other auditors who audited the financial statements of the Connors State College Development Foundation (discretely presented component unit), as described in our report on Connors State College's financial statements. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Connors State College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Connors State College's internal control. Accordingly, we do not express an opinion on the effectiveness of Connors State College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Connors State College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Connors State College's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Connors State College's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

OSU A&M Board of Regents
Connors State College
Warner, Oklahoma

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Connors State College's (the Organization) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on Connors State College's major federal program for the year ended June 30, 2022. Connors State College's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Connors State College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Connors State College (the Organization) and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of Connors State College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of

laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Connors State College's federal program.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Connors State College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Connors State College's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Connors State College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Connors State College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Connors State College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less

severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

 x yes _____ no

**CONNORS STATE COLLEGE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2022**

Section II – Financial Statement Findings

2022 – 001

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: Connors State College (CSC) has not remediated previously identified segregation of duties issues within their accounting system, Banner, over journal entries, and cash disbursements. Additionally, there were segregation of duties issues within the Banner payroll system.

Criteria or specific requirement: The College operates their financial system in the Banner software. Within Banner, there should be user access controls to prevent potential override of controls through exploitation of incompatible duties within the system.

Context: During user access testing procedures the following user access conflicts were identified:

- Four individual Oklahoma State University (OSU) users who had incompatible duties in the College's cash disbursement process within Banner
- Two individual CSC users had incompatible duties in the cash disbursement process and journal entry posting process within Banner
- Four individual OSU users who had incompatible duties in the College's journal entry posting process within Banner
- Twenty-seven OSU users who had incompatible duties in the College's payroll process within Banner

Effect: The lack of controls in place to ensure policies and procedures are followed increases the risk of misstatements, fraud, or errors occurring and not being detected and corrected.

Cause: The OSU Finance and Administration Office has provided overly broad user access for OSU accounting and payroll personnel on the College's accounting system. CSC has also provisioned incompatible user access within their accounting system, Banner, for the College's employees. Furthermore, there is not a policy restricting incompatible system access.

Recommendation: The College should work with the Oklahoma State University Finance and Administration Office to implement user access controls to remove incompatible user access. Further, the Oklahoma State System should develop a policy to ensure proper provisioning of user access within the accounting system.

Views of responsible officials: There is no disagreement with the audit finding.

Section III – Findings and Questioned Costs – Major Federal Programs

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).
