Assistance from Instructors

Whenever you need assistance with a class, visiting your instructor during their office hours is the best place to start. Office hours are time instructors set aside for you. Ask your instructor questions about your grades, assignments, or career options in the field. Each instructor's office hours are posted in their syllabus.

Library

Our wonderful library staff will assist you with research and class assignments. They can teach you how to find and use library resources. The library is a great place to study alone or in a group. Visit connorsstate.edu/library for more info and hours of operation. Text 918-215-8898 to chat with us.

Tutoring

If you need help with your classes, Connors has tutoring available. Just one hour of tutoring per week has been shown to improve a score by a letter grade. Live tutors are available 24/7 in Canvas. Every session is one-on-one and personalized to your subject and assignment. To begin using [Tutor.com](https://tutor.com), look for the link on the left side of your Canvas course.
