Another solid black son of W/C Bank Note 6152F, I'm not sure we have enough room in the catalog to truly describe how special we feel this bull has the potential to be, he's got big time herd bull written all over him! His Dam is sired SDS Graduate and is one of our top females, we plan to flush her in the very near future. Lot 72 is attractive, extremely wide based, thick, and just in our minds, the perfect blend of the Simmental and Angus breeds. He combines all the traits in each breed to make a truly special individual!

Out of a 12 year old cow. A well rounded bull out of a long
line of proven cows. Went off feed and gave up some ground
on numbers.

226M is an exciting herd bull prospect out of our up-and-coming donor, 41F and son of Ambush, a resident herd sire at Journagan Ranch. This combo will produce exceptional udder quality, longevity through pedigree and quality feet and leg design, and a punch of power and growth to boot.
